Subpart H [Reserved]

AUTHORITY: 5 U.S.C. 301; 7 U.S.C. 1989.

Subpart A—Community Facility Loans

SOURCE: 50 FR 7296, Feb. 22, 1985, unless otherwise noted.

§ 1942.1 General.

(a) This subpart outlines the policies and procedures for making and processing insured loans for Community Facilities except fire and rescue and other small essential community facility loans and water and waste disposal facilities. This subpart applies to Community Facilities loans for fire and rescue and other small essential community facility loans only as specifically provided for in subpart C of this part. Water and waste loans are provided for in part 1780 of this title. The Agency shall cooperate fully with State and local agencies in making loans to assure maximum support to the State strategy for rural development. State Directors and their staffs shall maintain coordination and liaison with State agency and substate planning districts. Funds allocated for use under this subpart are also for the use of Indian tribes within the State, regardless of whether State development strategies include Indian reservations within the State's boundaries. Indians residing on such reservations must have equal opportunity to participate in the benefits of these programs as compared with other residents of the State. Federal statutes provide for extending Agency financial programs without regard to race, color, religion, sex, national origin, marital status, age, or

physical/mental handicap. The participants must possess the capacity to enter into legal contracts under State and local statutes. Any processing or servicing activity conducted pursuant to this subpart involving authorized assistance to Agency employees, members of their families, known close relatives, or business or close personal associates, is subject to the provisions of subpart D of part 1900 of this chapter. Applicants for this assistance are required to identify any known relationship or association with an Agency employee.

(b) Indian tribes on Federal and State reservations and other Federally recognized Indian tribes are eligible to apply for and are encouraged to participate in this program. Such tribes might not be subject to State and local laws or jurisdiction. However, any requirements of this subpart that affect applicant eligibility, the adequacy of FmHA or its successor agency under Public Law 103-354's security or the adequacy of service to users of the facility and all other requirements of this subpart must be met.

(c) Loans sold without insurance by FmHA or its successor agency under Public Law 103-354 to the private sector will be serviced in the private sector and will not be serviced under this subpart. The provisions of this subpart are not applicable to such loans. Future changes to this subpart will not be made applicable to such loans.

(d) The District Office will normally be the entry point for preapplications and serve as a local point. Applications will be filed with the District Office and loans will be processed to the maximum extent possible by the District Office staff. The applicant's governing body should designate one person to coordinate the activities of its engineer, architect, attorney, and any other professional employees and to act as contact person during loan processing. FmHA or its successor agency under Public Law 103-354 personnel should make every effort to involve the applicant's contact person when meeting with the applicant's professional consultants and/or agents. The State Office staff will monitor community programs loanmaking and servicing, and will provide assistance to District Of-

fice personnel to the extent necessary to assure that the activities are being accomplished in an orderly manner consistent with FmHA or its successor agency under Public Law 103-354 regulations.

§ 1942.2 Processing applications.

(a) *Preapplications.* (1) The District Office may handle initial inquiries and provide basic information about the program. They are to provide the preapplication, SF 424.2, "Application for Federal Assistance (For Construction)." The District Director will assist applicants as needed in completing SF 424.2, and in filing written notice of intent and priority recommendation with the appropriate clearinghouse. The District Director will inform the applicant that it may be necessary to apply for credit from commercial sources. It will be explained that if credit for the project is available from commercial sources at reasonable rates and terms the applicant is not eligible for FmHA or its successor agency under Public Law 103-354 financing. The District Director will meet with the applicant, whenever appropriate to discuss FmHA or its successor agency under Public Law 103-354 preapplication processing. Guidance and assistance will be provided by the State Director, as needed, for orderly application processing. The District Director will determine that the preapplication is properly completed and fully reviewed. The District Director will then forward to the State Director:

(i) Eligibility determination and recommendations.

(ii) One copy of SF 424.2.

(iii) State intergovernmental review comments and recommendations (clearinghouse comments).

(iv) Priority recommendations.

(v) Supporting documentation necessary to make an eligibility determination such as financial statements, audits, or copies of organizational documents or existing debt instruments.
